10th March, 1954DOC. CH/260 (54)

\*DOC Exempt Letter On File\*

AMENDMENT SHEET No.1ENGLISH TEXTAMENDMENT SHEET NO. 1 TO THE CHINA SPECIAL LIST(Amendment Sheet No.1 to Doc.CH/260)

The following is a listing of changes agreed to in the English text of the China Special List since the issuance of Doc.CH/260. This covers agreed changes on which the waiting period has elapsed without reservations, but does not cover recommendations on which the waiting period has not elapsed.

<u>Item No.</u>	<u>Description</u>	<u>Authority</u>
-----------------	--------------------	------------------

ADD the following new Item:-

CH/241

C-380 Air Compressors, n.e.s., designed to operate with a delivery pressure, exceeding 110 p.s.i. or with a capacity exceeding 250 c.f.m. free air delivered.

CHANGE Sub-Items (d) and (e) of Item C-501 to read as follows:- CH/245

- C-501 (d) radio transmitting apparatus and components therefor (including non-specialised components), n.e.s.;
- (e) radio communication receivers and components therefor (including non-specialised components), n.e.s., except domestic radio receivers. (Note: Export Licences can be granted when small quantities of replacement parts for domestic radio receivers are involved and when, in accordance with the conditions and procedure of Doc. 782, the exporting country can justify that there is no doubt as to their civilian end-use).

Note: Non-specialised components include all types of electronic valves (tubes), capacitors, resistors, coils, antennae and power supplies.
